DEDICATION

We, the Graduating Class, have chosen to dedicate this 1950 Compass to Mr. Wilbur S. Bergstrom who, as a teacher, as a coach, as a sincere friend has won our esteem and our appreciation.

We honor him not only for his fine record as an athletic coach, but even more for his deep spirit of loyalty to our school, for his willingness to assume responsibilities far in addition to his own work. Whether it be organizing the Regents committee, directing the pictures for the yearbook, rehearsing the graduation procession or training his teams, "Bergie" does it with a quiet efficiency and a cheerfulness that never fail to spell success.

Because he has exemplified the positive leadership that will be required of us as future citizens, because he has personified to the students of Kensington the highest ideals of good sportsmanship and fair play, because he has made us comprehend that loyalty is a motivating force, we offer him this dedication as a measure of our gratitude.

WE PRESENT THE THEME OF THE 1950 COMPASS

We have taken as our theme man's God-given right to be informed and have attempted to illustrate the history of knowledge as man slowly acquired it through the ages. Our end papers serve as an introduction to the things about which we wish to be informed. The circles stand for the world in each age of history. They begin as small circles and grow gradually larger as they near our own century, indicating perspective in time. Beginning with the discovery of fire, of the first clothes, tools and shelter, we progress through the development of speech and writing, and show man's growth in the worlds of religion, medicine, music, art, drama, literature, science, and invention.

In our drawings, all the circles that symbolize the world of the future sound a note of warning and ask a question. Will man, having struggled for twenty centuries to acquire knowledge, now succumb to false ideologies leading him back to serfdom? Will he use the fruits of his knowledge to destroy himself and the whole world in one annihilating blast?

A TRIBUTE TO DR. ROBERT T. BAPST

THE COMPASS RECORDS, with regret, the resignation of Doctor Robert T. Bapst, Superintendent of Schools from 1936 to 1949. We, the Graduates of 1950, who have spent all but a few months of our academic years under his leadership, deem it fitting to express, at this time, our words of appreciation and farewell.

In his work, Dr. Bapst illustrated perfectly the theme of our yearbook—"The Right to be Informed." He believed implicitly in that right for the students and teachers under his guidance. His every act as Superintendent of Schools was designed to further the cause of education in Buffalo, to insure that everyone, from kindergarten child to war veteran was given ample opportunity to be informed, to become an enlightened citizen.

It is our hope that we may justify his years of unselfish devotion to our welfare as students, that he may read with pride of our achievements. We shall be proud to follow where he has led—in the paths of honor, of loyalty, of fearless allegiance to truth and justice.

THE KENSINGTON ALUMNI ASSOCIATION

After kensington graduated its first class in 1938, there was need of an organization through which the friendships developed in school could be continued. However, it was not until after the war years that our Alumni Association was inaugurated in 1946 with Thomas Decker as the first president. In the same year, "the old grads" held their first Scholarship Fund dance at Kleinhans Music Hall. This has since become an annual event.

The association began with relatively few active members, but each year has seen a steady increase until it now boasts an enrollment considerably larger than at the time of organization. With the increased membership, the Alumni hopes to expand its activities. Plans for the coming year include a picnic, a football dinner dance, extension classes, and other cultural and social programs.

Top: Alumni officers John Belle, Dance Chairman; John Corbelli, Treasurer; Ronald Holmwood, President; and Richard Moran, Vice-President make arrangements for the Alumni Dance.

Right: Members of the Entertainment Committee formulate plans.
Seated: J. Powell, B. Wilde, B. Goembel, A. Krull.
Standing: B. Hennig, J. Ziegler, A. Kielich, R. Brunner.

Bottom: Members of the Alumni Association and their guests at the 1949 Scholarship Dance in Kleinhans Music Hall.

ADMINISTRATION

From the Ten Commandments of Moses, the earliest of all laws, down to our own democracy, man has known many forms of government. History records his mode of life under the Imperial Caesars, the feudal lords, the absolute monarchs, and brings us to the dictators, prime ministers, and presidents of today. We see that man has always wanted good leaders, that he has rebelled against the despots, fought tyranny and oppression, and demanded the right to choose his own government. Through such organizations as The League of Nations and the United Nations, man demonstrates his recurrent hope that one day he may live in world peace, and security.

As students, we are grateful for the wise administration of our school, for the right to choose our class leaders, and for the opportunity to take our part in school government.

ADMINISTRATION: We have the right to be informed about governments, whether it be the iron hand of totalitarianism, the old monarchial belief in the "divine right of kings", the self-appointed rule of a dictator, or the freedom of a representative democracy. OUR FRIEND AND GUIDE FOR THREE YEARS

CHARLES J. MONAN
Principal

THIS YEAR, we graduates of Kensington feel especially indebted to our principal, Mr. Charles J. Monan. We have now known Mr. Monan's kindness and confidence for three glorious years.

His warm smile of friendliness welcomes us to his office, as no problem is too trivial for his interest and advice. Whether it is a question of education or recreation, Mr. Monan never fails to guide us along the road of success. Not only has he inspired us but also has helped us live up to our reputation for fine character and remarkable achievements.

During the last three years, we have won such fame and distinction in Buffalo that we have become the envy of every other school in the city. Both on the grid and in the classroom, Mr. Monan has made us a memorable success that will never be forgotten by the residents of the community. His contagious enthusiasm for the school has inspired Kensington with the will to win.

The faculty, the student body, the alumni, and our parents admire and respect our wise and loyal friend, Mr. Charles J. Monan.

HIS MESSAGE TO THE GRADUATES OF 1950

Dear Seniors,

Just as the world about you is entering, this year, upon the second half of its century cycle, so you too are entering upon the second, and the all-important phase of your careers—that part of your life when you will be called upon to think, to plan, and to do for yourselves after the care-free days of childhood and adolescence. I heartily congratulate you on your approaching graduation and do so, not only because traditionally, it is a time for rejoicing, but chiefly because it marks for you the successful achievement of your first meaningful ambition and as such should prove an earnest of success for the future.

In selecting the theme for your yearbook, you have chosen wisely. "The Right to be Informed" strikes the keynote of any and every successful career. With the channels of information open to you ready to enlarge your store of knowledge, with the printed word and the spoken word made ceaselessly available through the discoveries and invention of science, your opportunities for acquiring knowledge and through knowledge, wisdom, stand today unequalled in the world's history. "The Right to be Informed" is yours; it remains for you to exercise that right.

No asset will compel the world's respect more so than the possession of knowledge. The world bows to the man who knows—for knowledge is power. Added to a character that is preeminently sound, upright, and honorable, it is knowledge that gives the fullness to manhood and womanhood, that rounds off the exemplar of worthy citizenship. It is this ideal that I confidently place before you as you pause to bid farewell to your Alma Mater. May you cherish it as an objective to strive after and an accomplishment in the zealous pursuit of which may your lives abound in success, peace, and happiness.

Your friend and principal

Charles J. Monan

Top: Miss Quinn shows Donna Hagelberger how to arrange the bulletin board material in the Guidance office.

Right: Carol Murray asks Miss Kennedy's advice about her schedule.

The guidance department, under the administration of Miss Mildred T. Kennedy, Miss Ethel M. Quinn, and Mr. Howard J. Gleason, has succeeded in the tremendous task of aiding pupils both to adjust to high school life and to chart their course for the future.

In helping students adjust to high school life, the counselors interview each freshman to determine whether he has plans for his life and whether the course he has chosen is right to further those plans. In connection with adjustment to high school, pupils who are failing in their grades are interviewed to try to find the cause of the failures and by removing the cause, effect a remedy.

Our counselors encourage all students to engage in extra curricular activities as a means of character development and personality training. By planning programs for the students, they have succeeded in solving the many problems facing the student. One of such programs is Acquaintance Day when the community grammar schools visit Kensington and become familiar with the school and the courses offered. Another of these programs is Career Day, a day set aside for the upper classmen when they are given the opportunity to hear speakers excelling in various fields and thus acquaint themselves with the phases of their chosen professions.

One of the most important functions of the guidance department is "articulation", that is, coordination between grammar school and high school; and high school with colleges, business schools, professional schools and industries.

Another major job of the department is that of placement of the seniors not only in industry but

also in schools and colleges that are best suited to their needs, means and talents. By a series of interviews, the counselors are able to determine to some extent the field which suits each individual.

To familiarize themselves with the many types of scholarships and other outside financial assistance offered, is another phase of the guidance department. Many can be thankful for the help which our counselors have given in acquainting them with scholarships and other aids without which they could not have furthered their education.

Even after graduation, "follow-up" studies are taken by the counselors to keep track of the graduates. This has been beneficial in many cases to the graduate when, after severing close contact with his school, he is offered an opportunity to advance his position. Thus it has been seen that the Guidance Department has been of initial importance to the student from his freshman year through and beyond his high school life.

We at Kensington, are deeply grateful to Miss Kennedy, Miss Quinn and Mr. Gleason for their invaluable aid in solving our problems thoroughly, patiently and wisely.

James Browne, Senior class officer, thanks our Career Day speakers for their advice to the graduates.

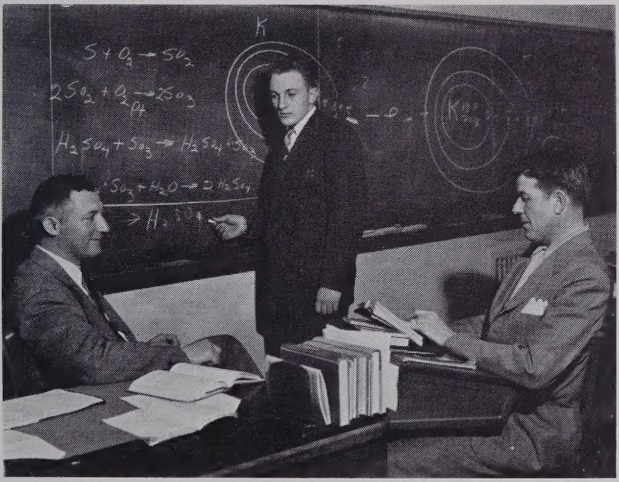
REGENTS EVENING SCHOOL

In september 1949, a Regents Evening School was organized for the first time at Kensington High School. Formerly, evening classes at the school were of a recreational and vocational nature and did not carry Regents credit. Now, the adults of the community may enroll for the subjects needed to entitle them to a high school diploma. Already, the plan has proved a tremendous success with 342 adult students registered in classes in English, history, mathematics, science, Spanish, and business.

ELIZABETH M. DAVISON
Administrative Assistant, Regents Evening School.



Veterans John Hossett and Kenneth Weber work out a chemistry problem in Mr. William Block's class.

VETERANS EVENING SCHOOL

Every monday through Friday, from six to ten P.M., over 200 veterans of the last World War attended evening classes in order to complete the education they had sacrificed during the war years.

In the Veterans Evening School, they studied subjects such as English 3 and 4, Physics, Chemistry, Algebra, Geometry, Typing, and Business Law. Classes were taught on the acceleration plan, giving veterans the opportunity to complete a year's work in one semester.

DOLORES H. HERBACH
Secretary, Veterans Evening School.

SENIORS

Whenever he had the opportunity, man, through the centuries, has chosen as his life work the field in which he was most interested, the work for which he had the greatest talent. We know how men have struggled against odds to become musicians, painters, actors, doctors, scientists. No obstacle could swerve them from their destined work.

We are fortunate to have so many advantages to make our chosen path easier. We are assured of an education that embraces not only the fundamentals of knowledge, but also gives us training in specific fields. Through our Counselors, we are guided in selecting our careers. Upon us, then, falls the obligation of fulfilling the expectations of those who have helped to train us, of proving our ability to add to man's store of knowledge.

FUTURE GENERATION THE SENIOR'S FAMILY AND
THE GRADUATE IS THE FUTURE CITIZEN OF THE WORLD
C. BLACKHALL

SENIORS: We have the right to be informed about our future careers. It is our privilege to choose from worlds of science, business, the arts, teaching, the professions, and homemaking. Having decided upon our future course, we have the opportunity to equal, even to excel those who have been prominent in our chosen fields for past centuries. To the Senior, the right to be informed embraces all that he holds dear—his home, his family, and his chosen way of life.

SENIOR OFFICERS

JENNIE S. BIANCHI
Vice-President

Jennie

JAMES S. BROWNE
Treasurer

Our blushing president, Jimmy Hartzell, is one of the most sparkling personalities at Kensington. Jim is an "all-round" student and was elected king of the night football game this year.

We notice that he covers plenty of ground either while riding in a light blue convertible or running with the Cross Country Team. His enthusiasm for public speaking has endeared him to our hearts.

Jennie's effervescent personality and "always ready" smile are only two of the many good qualities that have helped her to become Vice President again. Her favorite class is Miss Culliton's eighth hour English class. We wonder whether it's the English or the gentleman behind her that interests her most. She confesses that Miss Scanlon's flattering remarks have made her senior year unforgettable.

ROSA LEA BARONE
Secretary

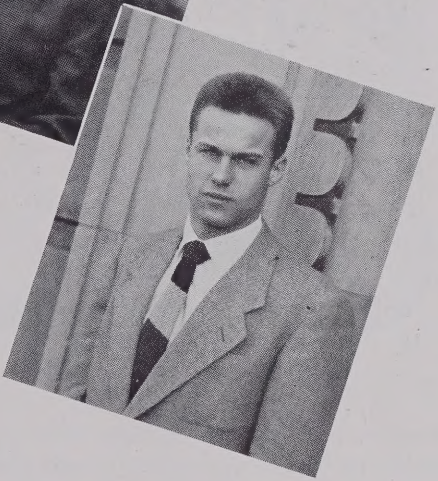
Would you like to pay your senior dues? Just see personable "Jim" Browne and, with the help of his slide rule and adding machine, all will be taken care of. Almost any afternoon, Jim, as manager of our basketball team, may be found in the gym, watching over Mr. Nilson's proteges. His spontaneous laughter and eagerness to help despite his many duties, account for his popularity.

Whether pounding away at the typewriter or dabbling in oils, Rose works hard at anything she undertakes. Her do-or-die loyalty to Kensington won her the title of queen of our night football game. Rose has a way of making a personal friend of everyone she meets and all her classmates agree that the beauty of our secretary really matches her name.

SENIOR OFFICERS

LORRAINE P. JAKUBOWSKA
Girls' Marshal

Lorraine, our future Mary Martin, has again this year been elected to office. She gets a "kick" out of saving "soft ice cream" for some of her favorite boys when on duty in the boys' cafeteria. Lorraine is well known as the school's best "talker" (?) Her favorite dish is spaghetti a la Bianchi and it's understandable why she dislikes glasses—they hide her pretty brown eyes.



LAWRENCE A. BRENNAN
Boys' Marshal

Whether "Larry is donning his track spikes or doing one of his hilarious impersonations, we are assured of nothing less than a championship performance. Larry has enjoyed entertaining us with his brilliant characterizations during the assembly skits and likes nothing better than to take part in a rousing meeting of the Debate Club. Though he is a leader, he remains a "reg'lar guy" and truly representative of the class.

ALMA MATER SONG

Kensington thy sons and daughters hail thee.
To Green and Gold our hearts be ever true.
May honor ever guard thy open portals,
Thy wisdom's torch shine on and light our way.
Let voices raise to sing thy praise.
Oh, Alma Mater always dear,
With courage strong, to thee
We pledge allegiance,
And onward strive for Kensington.

HOME ROOM TREASURERS

"Up in the morning, out on the job" may well apply to our Senior Home Room treasurers. Collecting the dues, making receipts, and doing a staggering amount of bookkeeping are part of their duties.

Maureen Atkins, Room 163; Jan Austin, Room 159; Arlene Szafranski, Room 157; Mary McMahon, Room 161.

Absent: Elsbeth Thomann, Room 166

Looking back over the years spent at Kensington, we realize that they have been the glorious years of our inhibited youth which we shall forever cherish. Through no fault of our own, in September, 1946, we innocently entered these great portals and with much eagerness anticipated our first year as the Ken frosh, Class of 1950.

The Freshman girls started the year off with a bang by presenting their annual Halloween party which included Jean Meade as mistress of ceremonies, and Betty Heatherly, Frances Szymanski, and Vicky Pikowska as the featured entertainers.

By branching out in activities of our own choosing, we soon become aware of the fact that we were fast becoming a real part of Kensington. For the first time in Ken's history, a freshman swimming team was organized with Bob Stenman, Roger Laufer, Dan Joyce, and Ed Zielinski competing.

Our jeunes filles at Ken were not far behind the boys in competitive sports. Wilma Frisch, Audrey Golnick and Carole Lindenau took an active part in basketball and the volleyball champs, Gloria Berney, Marilyn Hermann, Esther Welzynski were backed by all the girls with that grand Ken spirit.

Were these Freshmen lacking in scholastic achievement? Certainly not, for when June came, we were proud to present the Freshman Attainment Medal to Norma Kalke. Though a bit battered and weary, we emerged victorious and ready for our second year at Ken.

Our summer vacation was greatly saddened by the death of Mr. Thomas J. McDonnell, our good friend and principal. However, Mr. Monan, his successor, soon held a warm place in the hearts of each one of us through his friendly spirit and contagious enthusiasm.

We, the Sophomore upperclassmen, then prepared to take our place in the ranks of Kensington's immortal students. After we had settled down to our books for a few weeks, we were more than eager to fight for the Harvard Cup.

Soon the strains of the "Hallelujah" and "Gloria" were greeting us on our arrival in the morning and we realized that we were to get our second opportunity to see the angels make their heavenly (?) descents.

With our newly acquired motto, "Let's Go We Can Do It," we met and conquered our January examinations. In swimming, we were successful, too. With such "Fish" as Roger Laufer, Dan Joyce and Tom Griffin on our team, how could we help but win the Syracuse Cup!

Who was that scurrying across the stage with so much vim and vigor? Why only one of the super sophs, Vicky Rigo who captured laurels with her portrayal of the maid in our spring play, "Mrs. Murphy's Boarding House."

June, that beautiful, but much-feared month came speeding upon us, but found us well-prepared for our exams. With our eyes bright and our minds filled with plans for our return as Juniors, we bade farewell to our Alma Mater for those all too short vacation months.

Junior year! It meant so much—first assembly, Miss Steudle, Miss Maloney, Junior prom!! From the first day of school in September, we looked forward to the night football game with Bennett.

Tackling and guarding on the grid were Carl Connors and Dick Reynolds. About the same time, we cheered the Cross Country team over the finish line at Delaware Park and into the arms of the Columbia Cup representatives.

Between the choruses of "Jingle Bells" and "Santa Claus Is Coming to Town", we could hear our angels preparing for the Christmas pageant. Pat Brown, Norma Reid, and Elsbeth Thomann entranced us with the "Hallelujah Chorus", but John Bruno's appearance in his sheepskin really added to the holiday's gaiety.

Our happy moods were dampened when we learned that mid-term exams were just around the corner. However, as is customary for all Knights, we came out victorious.

Again this year the boys in the band were to be treated to first class seats for the St. Patrick's Day Program. Don't you agree, boys, that Marcia Duncan, Ruth Schweinberg, and Joyce Wood made darling Irish colleens?

Spring found two of our Junior friends on the affirmative debate team. Who? Why, Caryl Laird and George "Silver Tongue" Wagner, of course.

Suddenly, little mongolian men were running around the halls. Japanese lanterns and kimonos were rushed secretly to the auditorium. For what? Just Miss Cherryblossom preparing for her debut, capably assisted by Paul "Kokomo" Preston.

Junior elections meant we really had become active in the school government. As voters, we filed our secret ballots. The results: Bob Scamurra, President; Jennie Bianchi, Vice-President; Vicky Rigo, Secretary; Bob Colucci, Treasurer; and Lorraine Jakubowska and Ed Ryan, Marshals.

Our Junior Day assembly brought forth the marvelous talent we Juniors had stored up for three years. The memorable performances of Art Wagner, Nancy Thurnherr, and Roger Pfohl will never be forgotten. Those starry-eyed girls with a pencil in one hand and a dance program in the other could mean only one thing—the Junior prom, over which Ed Ryan and Pat Demerly reigned as king and queen.

Only a Junior would know the extreme timidity with which we approached the month of June. After finding that our final marks were far above the fatal 65 and that Margaret Chapman had won the Junior Attainment Medal we felt even more eager to enjoy thoroughly a luxurious summer vacation.

Yes, we were entering into the final lap and we were all full of enthusiasm for the joys of high school life that were to be ours no more, after this year.

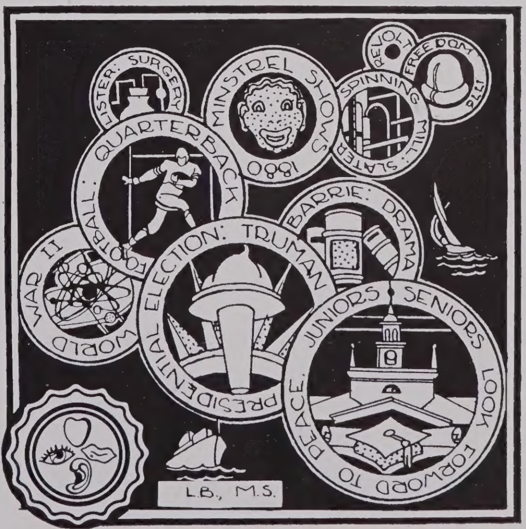
Did you feel that draft? That was our Cross Country team whizzing by to a wonderful victory that won the Columbia Cup. Not quite so windy but just as successful, were the Strickland Troopers.

Can we ever forget Jim (Bow-tie) Gervan, the professor, Carl Connors and his babyish ways, or Audrey Golnick, the smart little dunce? Al Rossow, Dick Reynolds, and Sparky (Atom Bomb) Mazzulli were a contributing force to Ken's capturing the Harvard Cup, and making it a permanent possession of the school.

Our biggest rival, examinations, were once again ready to tackle us, but we turned the tables and tackled them, coming out on top. In the middle of February, school work was suddenly interrupted by the coal shortage. Vacation seemed a blessing at the time, but one month later when we found a half hour added on the school day and our teachers ready to greet us with stacks of back homework assignments we began to wonder.

Catching up with these in a few short days, practice for the spring musical, "The Hither and Thither of Danny Dither" (and that's a mouthful!) began, and we found Pat Brown, Janet Gilchriese, and Photine Rores playing the leading roles.

(*Continued on page 171*)



VALEDICTORY

For us, the graduating class of 1950, life at Kensington has come to a close. Tonight, at the end of our high school career, we experience an emotion difficult to express, for our feelings of joy and sorrow coincide, and we must bid our farewell with some reluctancy, knowing that the hours we spent in study and pleasure at Kensington represent the best part of our lives.

Looking back at our first timid days of high school, remembering the long years between, and contemplating this never-to-be-forgotten night, we realize that a great part of our education has now been completed. Some of us, of course, will attend institutions of higher learning;—others will obtain important knowledge through the medium of experience. Nevertheless, whichever field we choose, our days at Kensington have prepared us for it. Our Alma Mater has fostered in us the attitude and ideals of maturity. At Kensington we have realized fully our right to be informed as free citizens in a democracy; we gladly accept our democratic responsibilities. Our words and actions now reflect the Biblical quotation; "When I was a child, I spake as a child . . . When I became a man, I put away childish things." The responsibilities which our parents once bore now fall on their rightful owners.

However, as we reach adulthood and independence our gratitude towards our beloved parents increases. No matter how hard we may try, it is impossible for us to repay them for their care and patience during our adolescence. We sincerely hope that whatever success we attain may constitute some recompense for their many sacrifices in our behalf.

To our teachers, we extend a heartfelt thank you for a job well done. Without their perseverance this important goal of graduation might never have been realized.

We thank Mr. Chassin, our assistant principal, for his wise direction and his kindly consideration. His sympathetic understanding and advice will always symbolize for us how carefully the personality and the character of Kensington's young men and women are molded.

To Mr. Monan, our eminent principal, leader and friend, who has so fondly watched over us since our sophomore days, we owe a special measure of thankfulness. He taught us the real meaning of spirit. Under his devoted guidance, Kensington has reached new heights in scholarship and in athletics. With his slogan, "Let's Go, We Can Do It," as our inspiration, we found very few things were impossible when we really tried. In times of trouble, during future years, the recollection of Mr. Monan and his marvelous enthusiasm will always spur us on to greater efforts until we achieve success.

Having acquired a high school education second to none in the world, we are extremely confident that the Hand of Providence will guide us throughout life. We are fortified in this confidence by the firm principles of character and goodness which have been inculcated in us at Kensington. Indeed, nothing that life can bring will find us unprepared, for we are strengthened by our faith in God and in the knowledge that truth is the strongest shield: "Virtus fortissima aegis!"

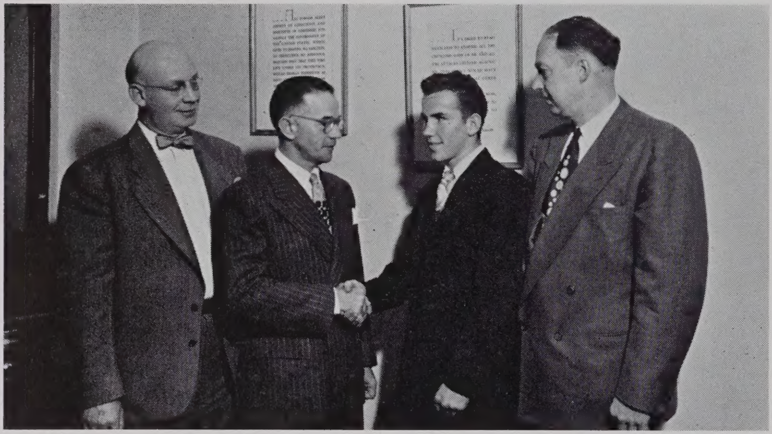
In Memoriam

ARTHUR F. WAGNER

The class of 1950 holds in honored memory Arthur F. Wagner, who was born June 13, 1932 and died suddenly December 2, 1949. We recall with gratitude his friendly character which made him well liked, his enthusiasm, and his willingness to use his time to entertain others.

A gifted tap dancer, Art was active in various phases of school life, being a member of the orchestra and a participant in intramural football. We feel privileged to have been entertained by his dancing in the St. Patrick's Day program in 1947, in "Mrs. Murphy's Boarding House," several football rallies, and our Junior Day program.

"To live in hearts we leave behind,
Is not to die."—Campbell.



Mr. Monan, The Honorable John W. Ryan, James Hartzell, Dr. Joseph D. Godfrey.

Career Day Program

IN THE THIRD ANNUAL CAREER DAY program held April 25, the upper classmen were again privileged to hear guest speakers outstanding in their professions.

The program was organized by the Guidance Counselors, Miss Kennedy, Miss Quinn and Mr. Gleason. Mr. Gleason opened the assembly with a reminder that we, the high school students, stand at the "crossroads of life, hesitant and frightened as to what may lie ahead." Our guests had come to assist us in the proper choice of a career.

Mr. Monan, as chairman, presented the first speaker, Dr. Adelle H. Land, Director of Student Teaching at the University of Buffalo. Others who addressed the students were: Mr. Herman Seelbach, Sales Manager of the Bacon and Vincent Company and Associate of the National Sales Executives Incorporated; Mr. Joseph Schinstock, General Manager of Sears Roebuck and Company; Dr. Joseph D. Godfrey, President of the University of Buffalo Alumni Association and famed bone surgeon; and The Honorable John W. Ryan, Chief Judge of the City Court.

From these talks, the Juniors and Seniors learned the qualifications and advantages of teaching, the aspects of salesmanship as an outlet for creative urge, and the importance of personality and drive in business. They learned of the intensified training needed to enter the medical field and the many phases of law now open to both men and women.

The excellent speeches of these guests will be invaluable in helping us prepare our course for the future. Our right to be informed has, through their efforts, truly been fulfilled.

Miss Kennedy, Dr. Adelle H. Land, Jennie Bianchi, Rosa Lea Barone, Miss Quinn.

OUR LAST WILL AND TESTAMENT

Four years rolled by, as quickly as a wink.
We've enjoyed ourselves, at least that's what we think.
It wasn't all work, yet it wasn't all play
As we strove towards our graduation day;
Now the time has come for us to depart,
But before we leave, we wish to impart
These few words of wisdom to each girl and boy
And our precious treasures for you to enjoy.
Ere we are "Gone with the Wind" we hereby bequeath:

To Mr. Monan, who has a heart of gold,
A bucket of bituminous, to aid in the cold.
To Mr. Chassin, who's on the ball,
"Better a bad excuse than none at all".
To all the teachers, old and new,
We extend a very sincere "thank-you".

Audrey Golnick, Bruce Burr, John Kennedy, and Joan Schau.

As we approach the "Battleground" of life, we humbly leave:
- Gallant Gary Fox's curling iron to Jovial Jack McMahon.
- Jolly Jennie Bianchi's book on "How to Win Friends and Influence People" to Peppy Pat O'Rourke.
- Enthusiastic Ed Ryan's baby pictures to dazzling Dee Zanghi.
- Versatile Vicky Pikowska's accordion to Mickey Dee and Skinner.
- Speedy Sparky Mazzulli's football prowess to Jumping Jack Ault.
- Lyn Larter's "Nixes", "Hares", and "It isn't, is it's?" to charming Carol Kuhn.
- Ann Adam's "Hangg on" to Bartlett's "Book of Quotations".
- Larry Brennan's assumed presidency to Frank Vogel.
- Doubtful Dick Hughes' ballot in the November "50" elections to all other "21'ers".
- Aud Golnick's limburger cheese parties to modest Marcia Powell.

To avoid "A Foolish Heart" we yawnfully yield:
- Mogle's motor machine to "Mort" Morgan.
- Merry Marilyn Ball's "Teddy Bear" to the Biology Club.
- Simp's book of "Compliments to Girls" to Ed Faber.
- Chickie Cawley's lizard and penguin to all who unexpectedly left "5th" lunch.
- Troubled Tony Amigone's future profession to Digger O'Dell.
- Nat Ferringer's ability to get along with the teachers to Jo Weaver.
- Ronnie Schifferle's ballet shoes to Corky Wheelock.
- Lorraine Jakubowska's 2-year reign as marshal to Joe Stalin.
- John Bradford Hilton's smooth line to daring Dan Winters.
- Iz LaRue's personality smile to melodious Madonna Shea.

Since we have "Great Expectations" we spinelessly submit:
- Jimmy Jones' "loaded dice" and "one-arm bandit" to suspicious Sue Haun.
- Gracious Grace Furbo's swimming suit to Noel Eberz.
- Timid Tommy Griffin's letters, medals, and cups to Shirley Choops.
- Pat "Daisy" Brown's dramatic ability to Lee Haurik.
- Supersonic Sandy Militello's saddle shoes to the Bennett "Beckies".
- Musical Mary Meissner's clarinet to Petrillo.
- Earnest Ernie Lalonde's debatable debates to Ed Haynes.
- Genial Gloria Berney's library slips to Elaine Simmet.
- Bob McClure and Dick Freeman's three day pass for the girls' water show to the swimming team for inspiration.
- Nancy Heuer's horn rims to the trophy case.

Because we've already "Paid In Full" we sorrowfully surrender:
- Paul "McNamara" Preston's band to Eastman's School of Music.

CLASSES

It is in our classes that we begin to comprehend what man has done and what he is now endeavoring to do. We follow the development of literature from the days of Homer, Vergil and Dante. We study the discoveries of such great scientists as Madame Curie. We become familiar with the famous names in art, music, and drama. We read of Euclid's mathematical theories, of the inventors who have striven to improve man's standard of living with new and better ways of performing old tasks.

The great men and women of the past have left us a heritage—the realization that education is both a privilege and an obligation, that we must use what talents and abilities we possess to keep the wheel of progress moving, that we must strive towards higher goals of knowledge and achievement.

CLASSES: We have the right to be informed through our studies. We have been trained to work towards the ideals and standards set by men who have already excelled in their chosen fields, such as science, literature, and industry. In our training, the fundamentals of all subjects have been included. As our education advances, our minds will become more developed and our interests and ideals will broaden.

Junior Class Officers

THIS YEAR, the Junior class elected officers with varied interests, that ran from President Edward Haynes' flair for debate all the way to Vice-President Patricia O'Rourke's enthusiasm over her kitten "Snubby". Ed also plays the trumpet in the school band. Pat, besides her kitten, enjoys sports, especially volleyball and basketball. We somehow suspect that she likes the Irish jig and McNamara's band, too.

Margaret Volk, our capable secretary, is well-known at Ken, not only for her fine scholastic record, but also because of her participation in the many football skits presented by the dramatics class last fall. Frank Vogel, when he was not occupied with Miss McCarthy's Latin assignments, could always be found gleefully occupied with his duties as Treasurer—counting the dues of all the Juniors! Frank has achieved a major letter in tennis and is active in basketball.

The Junior Marshals of 1950, Carol Kuhn and Fred Dentinger have also been active in school projects. Carol has confided in us that she enjoys chemistry most of all her classes. As for music, she prefers Harry James and his trumpet to any other band.

Fred is well known to Ken athletic enthusiasts for his prowess on the basketball court. He admits that his only other interest in life is doing American History assignments for Miss Dickman.

JUNIOR DAY

On May 26, the Juniors of our school celebrated their annual Junior Day. As the 1950 Compass went to press before this date, only a part of the program had been determined.

Margaret Volk gave a recitation, followed by Doris La Rosa who presented a monologue. Conrad Toepfer played a violin solo and Madonna Shea performed a piano solo. Edward Haynes, President of the Junior Class, addressed the students. This was followed by a trumpet quartet and a choral reading by a Junior student group. Mr. Monan then concluded the assembly program with his message to the Juniors.

Following this, the officers of the class planted the traditional ivy on the school grounds.

In the evening, a dance for the class was held in the gym, thus bringing to a close another unforgettable day in the memories of the Juniors.

KEN PIN UPS

BABY AMONG SCHOOL CLUBS is the Ken Pin Ups, a group of Freshman girls interested in science display work. During the year, they prepared many interesting and valuable exhibits of mounted pictures and posters for classrooms and for the fourth floor bulletin boards. The aim of the group is to compile a complete library of reference material for the science classes. Officers were: Anna Gille, Rose Marie Gotte, and Janet Shisler. Miss Van Natter acted as faculty advisor for the club.

ACTIVITIES

The history of man's activities through the ages tells the story of how human knowledge has grown, expanded, and developed. In the pursuit of his right to be informed, man has ever followed his natural inclinations and interests. Men to whom far places were fascinating became the explorers who discovered new worlds; men who gazed with wonder at the stars in their courses gave us the science of astronomy; men who were moved by a noble cause have been the world's crusaders.

We, too, have the opportunity of following our interests, of developing our hobbies into a life work. In our school clubs, the world's future artists, musicians, scientists, diplomats, mathematicians, writers, and homemakers gather to enjoy their mutual interests, to prepare themselves for their place in the world of tomorrow.

ACTIVITIES: We have the right to be informed about world activities of all ages. It is revealed to us that man spent his time advantageously, for we are enlightened through cave man drawings, the Golden Age of Greece and Rome, the Renaissance, explorations, inventions, literature, and the theater. They have set an example for man today, for we have carried on these interests and expanded them, using our spare time to advance our knowledge.

Putting the 1950 edition of the Compass together was the task presented to the editors. Each section, page and paragraph including the smallest details, were okayed by them, and an additional stamp of approval was given by the several managers. Besides their executive work, these capable students had their individual assignments with a dead line to meet. Although the editors lost a month's time during the coal shortage "vacation", they have succeeded in compiling, with the enthusiastic cooperation of the Staff, a Compass which they hope will bring honor and another national award to Kensington.

The compass was entered in the Columbia University Scholastic Press Association competition for the first time in 1949. This competition is national, with entries submitted from schools all over the country. The books are judged in groups according to the enrollment of the school and the type of yearbook published. The Compass won first honors in its class, that is printed yearbooks published by schools with an enrollment of 1,501 to 2,500 pupils. The judges gave special commendation to the choice and development of the theme and the excellence of the art work. The success of the 1949 Compass in the Columbia competition was an inspiration to the 1950 Staff which has made every attempt to follow the excellent and constructive suggestions of the judges.

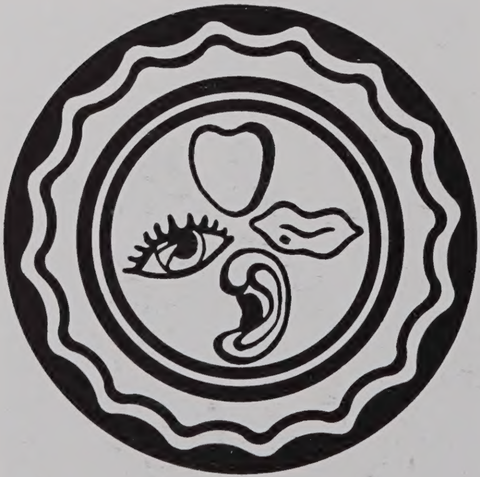
OUR ARTISTS EXHIBITED THEIR VERSATILITY

Having completed their drawings for the yearbook, the Compass Art Staff turned its talents to painting the scenery for "Danny Dither", under the capable supervision of Miss Ethel M. C. Davis.

Members of the Art Staff: M. Andres, L. Barback, R. Barone, C. Blackhall, L. Bucholtz, S. Buhles, S. Curtis, C. Daigler, R. Erb, R. Ernst, B. Faltisco, J. Heintz, J. Ingrahm, K. Klier, R. Korn, M. Lemke, M. Martin, J. Matuszewski, R. Miller, E. Ryan, M. Schoof, R. Schweinberg, D. Szafranski, C. Wilting, C. Yeostros.

THE ART STAFF EXPLAINS OUR THEME

The Right to be Informed



Our theme spot, which we have used on the cover, and at the corner of each drawing, is *symbolic*.

The small circle is a symbol of the *whole man*, not limited in any way; with the *eye* to see, the *ear* to hear, the *mouth* with which to express himself and communicate with his fellow man. The *heart* is the symbol of feeling and understanding, and indicates that without understanding all knowledge is useless.

The larger circle means the *whole world* because we wish for these rights for all mankind.

The wavy line around the world stands for all the vibrations constantly surrounding us, and into which we can tune, when we have sufficient knowledge of modern science.

PRESS CONFERENCE

LAST FALL, Miss Davis of the Art department and a group of Compass staff members represented Kensington at the annual Press Conference held, this year, at Orchard Park High School. During the Conference, the delegation attended sectional meetings on copy-writing, art, photography, and finances, in which they obtained much excellent information that has been incorporated in the 1950 Compass.

KEN AD CLUB

THE MEMBERS of the Ken Ad Club were students who sold at least $35 worth of ads in the Compass.

This year, Thomas Yauger of Room 306 turned in $158, the largest single amount, and therefore became President of the club. Other officers were: Robert Kirchmyer, Room 209, $125; Vice-President; J. Lorence, Room 362, $103, Secretary; Patricia McPhee, Room 453, $83, Treasurer.

Council On World Affairs

THE STUDY OF WORLD problems and their relationship to the United States was the lofty aim undertaken by the Kensington Council on World Affairs. This club provided an excellent opportunity for Kensington students to learn about present-day obstacles in the path of peace and to discuss possible solutions for them.

The programs were prepared and presented by the members and a part of each meeting was devoted to a round-table discussion. Among the various topics debated at the meetings were: "Socialism in Britain" and "Life under Soviet Russia."

This year, the Kensington Council on World Affairs, was affiliated with the Buffalo Council, which upon request furnishes material and speakers for the club's programs.

Some of the members of the club participated in the Model UN Assembly, while other members took part in the High School United Nations Radio Program. Marilyn Ball, Alfred Rossow, Carol Blackhall, Donna Hagelberger, Audrey Golnick and Shirley Heslink debated on "Can the United Nations Keep Peace."

Under the able supervision of Miss Walker, members elected the following officers: Patricia Collins, President; Gloria Botham, Vice-President; Jennie Bianchi, Secretary; and Carolyn Larter, Treasurer.

This year marks the tenth anniversary of the Council which during its ten years has interested scores of Buffalo area students.

Journalism Club

One of the many ways by which students of today can be informed is through newspapers. The Journalism Club met every Tuesday afternoon in Room 209. The 50 members, with the help of their advisor, Mrs. Mildred Stewart, tried to study all the techniques of news writing. They learned that writing leads, deciphering newspaper language and understanding editorial policies would help greatly to give their school paper that professional look.

As their project, they issued an edition of our school newspaper, The Ken Key-Notes. The Ken Key-Notes staff was as follows: Editor-in-chief, Lorraine Zmarzly; Exchange Editor, Joan Wojciak; News Editors, Ray Pauley, Barbara Pleban, Norbert Bishop; Boys' Sports Editor, Clarence Ball; Girls' Sports Editor, Joyce Duwe; Art Editor, Constance Yeostros; Editorial Editor, Thomas O'Neil; Literary Editor, James Russ; Business Editor, Christine Cioch; Make-up Editor, Joan Fincel.

Press cards were given to members who showed interest in their assignments. The cards enabled members to identify themselves as reporters and certify their membership in the club. The officers of the club were: President, Lorraine Zmarzly; Treasurer, Sue Brueck and Secretary, Joan Wojciak.

THIS YEAR MARKED the reorganization of the debating society of Kensington High School. A membership of 75 turned out weekly in the school library. The society was under the direction of Mr. George McMahon and Mr. Norman Hayes.

Spirited debates were held on such subjects as socialized medicine, capital punishment, farm subsidies, and elimination of the electoral college.

In addition to the interscholastic debate teams, a second group of teams was selected and a new feature, the Spring Prize Debate, was instituted. The affirmative squad was composed of Carol Koenig, Mary Abrams, Jack McMahon and Ernest Lalonde; while speaking for the negative were: Mary Lou Urso, Photine Rores, Aglaia Economou and Robert Stafford.

Another pleasant innovation was the Christmas party and turkey dinner. Elections held that evening installed the following as officers of the club: President, Edward Haynes; Vice-President, Mary Abrams; Secretary, Jennie Bianchi; Treasurer, Wilma Frisch; Sergeant-at-Arms, Larry Brennan.

It was also announced that at the June commencement exercises debate pins will be presented to members of the interscholastic and prize debate teams and another called the Principal's Medal will be awarded by Mr. Monan to the society's best debater.

Spring Debate

RESOLVED: "That the federal government establish a system of complete medical care available to everyone at public expense." This was the controversial topic selected for the Spring Interscholastic Debates this year. Our negative team, composed of Wilma Frisch, Lorraine Cebulski, Edward Haynes and Jean Kane, debated at Kensington and won the decision against East with a vote of 10-5. The affirmative team, composed of Richard Wiesinger, Ernest Lalonde, Ruth Hagelberger, and Donna Hagelberger, lost their debate against Technical with the very close vote of 8-7.

Eddie Haynes accepts the congratulations of the East team.

Girls' Declamation Contest

THIS YEAR THE annual Girls' Declamation Contest was highlighted by school-wide competition which was climaxed by an assembly with five participant speakers. These girls were: Caryl Laird, Lorraine Jakubowska, Audrey Golnick, and Lorraine Cebulski, all Seniors, and Aglaia Economou, a promising young Freshman. Lorraine Jakubowska emerged victorious with her second conquest and went on to place third in city-wide competition, with her recitation of "The Waltz", by Dorothy Parker.

Under the guidance of Miss Louise Strickland, Dramatics Coach, our fine young orators obtained valuable experience in public speaking and provided excellent entertainment for the whole school.

To be informed WE USED THE LIBRARY

FROM THE SERIOUS SENIOR, struggling with a bibliography, to the diffident Freshman, innocent of the Dewey Decimal System, the library offers a source of helpful and willing aid in the monitors.

These courteous efficient girls not only are experts of the card catalog, but they extract fines and mend worn books. The monitors also prepare attractive bulletin board displays which are enjoyed by the entire school.

We are grateful to Mrs. Willis and her staff of library monitors, not only for helping us acquire information, but also for making the library such an enjoyable place both in which to study and in which to browse.

FILMS AND RECORDS MADE CLASSWORK FUN

THROUGH THE USE of audio-visual aids in our classrooms, our studies are made more interesting and more graphic. Films help to illustrate and supplement the information in our text books. The dramatics class and debate teams used the wire recorder to discover errors in speaking which they could correct after hearing the records.

Under the guidance of Miss Panzica, students who wish to serve on the Projection Staff learn the use of the audio-visual equipment. Training for this work during the year were Freshmen and Sophomores E. Andrzjewska, G. Baker, J. Catuzzi, J. Gibney, R. Hippchen, C. Lacey, P. Lewandowski, J. Washburn, and S. Yaeger.

DRAMATICS BECAME OUR NEWEST ENTHUSIASM

Because we, at Kensington, are always eager for more knowledge, this year a new class in dramatics was originated. This group of Thespians was the first of its kind at Ken High. Having completed two full terms of dramatic training under the capable leadership of Miss Strickland, they were well advanced in the field of acting, directing, and producing.

Drama, as a whole, consumed the first term. Its history, especially, was studied. Such well-known

THE PAGEANT IS OUR OLDEST TRADITION

Kensington's oldest tradition, the Christmas Pageant, symbolizes the Spirit of Christmas. It relates the story from the prophecies of Vergil and Isaias to the arrival of the Magi to worship the Babe of Bethlehem. The Pageant includes the most beloved of Christmas carols and concludes with the triumphant music of Mozart's "Gloria" and Handel's "Hallelujah Chorus".

The Pageant was drawn up by former Superintendent of Schools, Dr. Robert T. Bapst, when he was principal of South Park High School. It has been performed at South Park every Christmas for the past thirty years. Kensington has presented the Pageant since the school opened in 1937. Under the direction of Miss Townsend and Mr. Pinkow, the Pageant has become a tradition at Kensington that annually attracts many spectators.

"We three kings of Orient are—" Lee Haurik, Thomas Griffin, and Jack Hahn.

"And lo! the angel of the Lord came upon them—" Shepherds Robert Colucci, Joseph Hartrich, and Edward Haller gaze in awe at the wondrous sight.

"The last great age, foretold by sacred rhymes—" Our prophets Jack Thompson and Jim Jones tell of the future.

Of the many traditions that Kensington has acquired over the years, the A Cappella Choir is one of the best known. Under the very capable direction of Miss Townsend, the choir not only furnishes us with enjoyable entertainment but also presents annually many programs which promote a better appreciation of fine music.

The A Cappella, or unaccompanied type of singing used by the choir, is considered to be the most difficult kind of group singing. Each member is responsible for his or her individual part and must be thoroughly acquainted with the melody and the words of the selection.

As part of the Thanksgiving Day program this year, the girls' choir, among other songs, presented, "Ave Maria" by Schubert. The boys' choir, in barber shop fashion harmonized, that old favorite, "Coney Island Baby" and the mixed choir sang, "Trees" by Joyce Kilmer. Each year the angels, shepherds and kings who participate in the annual Christmas Pageant are selected from among the choir members. Their Easter program included: "Magdalena", "Awake Thou Wintry Earth", and selections from "Oklahoma".

"How does my chassis look?" . . . "Is this two-meg grid leak O.K.?" . . . "Have you a .00025 capacitor"? . . . "148—149—150, how many more turns do I need to wind on this antenna coil?"

Where but in the Radio Club would you find such activity—or so many startling ideas as to what a one-tube radio might look like? It's a real thrill, though, when that hand-made little receiver brings in its first station and the headphones proclaim "This is Station WKBW"!

Building radio sets is not the only project that claims the time of Radio Club members, however: "Could someone in Radio Club test this tube for me?" . . . "The wire recorder won't talk back; could you do something about it?" . . . "The fuse seems to be blown; could one of the boys come over and fix it?" . . . and so it goes, far into the afternoon.

In between times, the Club does find time for field trips to broadcasting studios such as WGR and WKBW and to WBEN transmitter, to give a feeling of realism and a contact with current practices to round out the classroom study of radio.

Club officers were: President, Spartaco Mazzulli; Vice-President, Robert McClure; Secretary, Richard Knapik; Treasurer, Rodman Mogle.

Biology Club

The biology club, under the sponsorship of Mrs. Eardman, has spent an active year. Aside from their class work, the members have advanced themselves in this subject through the club.

One of its most successful projects was a trip to the University of Buffalo where Dr. Shadle gave a lecture on the "Breeding and Habitations of Porcupine". This was followed by a visit to the animal house.

To represent their group, the following were elected officers: President, John Re; Vice-President, Edmund Bednarek; Secretary, Ruth Hagelberger; and Treasurer, Mary Ann Milani.

The activities of the meetings were planned by a program committee under the able guidance of Edmund Bednarek. His willing and enthusiastic assistants were Ronald Ernewein, Conrad Forbach, Carol Sverdrup and Nancy Nauth.

In the future, the Biology Club hopes to broaden its knowledge by field trips, films and speakers.

To FAMILIARIZE MEMBERS with the business world was the chief aim of the Commerce Club. Under the capable supervision of Mrs. Jacobs, discussions were held about the problems that will face the Seniors who are considering a career in business.

At other meetings, guest speakers talked to the girls about the opportunities for them in various types of secretarial and office work. Movies were shown which demonstrated the use of the numerous business machines being used in offices today. A question and answer session followed each program which gave the members an opportunity to obtain further advice and information.

Officers were: President, Nancy Heuer; Vice-President, Rose Del Col; Secretary, Rosemary Valentine; and Treasurer, Joan Stock.

OTHERS LEARNED THE ART OF HOMEMAKING

Under the direction of Miss Elizabeth Meach and Miss Naomi F. Stoesser, Kensington High School's Home Economics Club enjoyed one of its busiest years.

Autumn marked the presentation of "Models and Manners for the Modern Miss", a fashion show sponsored by the Simplicity Pattern Company. Models for this show were chosen from the various Home Economics classes and were escorted by Ed Ryan, Dan Colasanti, and Clarence Maurer.

Club members also enjoyed a discussion on personality and good grooming, presented by Miss Gebhardt of the Doyle Beauty School.

At Easter time, the club distributed gaily decorated eggs to children in hospitals and the Crippled Children's Guild. This is an annual event that is eagerly awaited for. As a close to its successful year, the club celebrated with a gala party for all of its sixty members.

German Club

UNDER THE SUPERVISION of Miss Ruth Westerman, Kensington High School's German Club enjoyed another successful year. Besides expanding their knowledge of the German language, club members learned to appreciate German customs and culture through the use of records and native songs.

President, Conrad Toepfer; Vice-President, Renate Richter; Secretary, Donna Hagelberger; and Treasurer, Edward Menth; all contributed greatly to the success of the annual Christmas party which is eagerly awaited for each year by members of the club.

Slide Rule Club

UNDER THE CAPABLE LEADERSHIP of Mr. Larrabee, Ken's studious mathematicians are taught the intricate mechanisms of the slide rule, sextant and the transit.

The various projects of the club, such as checking the latitude of Buffalo, are problems in which the members make use of their knowledge concerning the slide rule, sextant and transit.

This year, as the result of an examination given by Mr. Larrabee, Robert Henderson was chosen as President; Robert Scamurra, Vice-President; and Gertrude Staley, Secretary.

PENS! SKETCHBOARDS! Ink! You can be sure the Cartoon Club is in full swing. Under the supervision of Mr. Raymond Fisher, Kensington's cartoon enthusiasts have learned the fundamentals of cartoon planning and have devoted many hours to drawing cartoons of their own invention.

Mr. Fisher was able to obtain original panels ot such well known comic strips as "Blondie", "Gasoline Alley", "Steve Canyon", "Popeye", "Mutt and Jeff", and "Jiggs and Maggie". With such inspiration, club members turned out strips of their own, that perhaps, in the future, might be keeping company with "Mickey Mouse" and "Lil' Abner". One of the most interesting student panels was drawn by Robert Kawczynski, President of the club, who based his strip on Rudyard Kipling's *Jungle Book*. Other officers are: Ronald Raiser, Vice-President; Ronald Meyers, Secretary; and Tom Peters, Treasurer. Under their direction, the club also turned out cartoons for the "Ken Keynotes", our school paper.

Studio Club

The studio club, now in its fourth year, has made itself known through well-organized artistic efforts. Members chose as their officers: James Gervan, President; Carol Daigler, Vice-President; and Carol Blackhall, Secretary.

Everyone took a turn as model for fellow artists under the able supervision of Miss Davis. Besides sketching human and still life, the club undertook a series of vital projects—decorating the auditorium for athletic assemblies. Top notch accomplishment this year was the array of cut-paper football posters, each representing a member of the team. Countless numbers of signs, particularly posters stressing Ken's motto, "Let's Go We Can Do It," decorated halls and homerooms. During the Christmas season Room 250 was appropriately trimmed with caricatures of St. Nick and his traditional helpers. For St. Patrick's Day, everyone constructed paper leprechauns which gaily marched up and down auditorium curtains before a backdrop scattered with Irish hats.

Many members had a chance to exhibit artistic talent in the Buffalo Teachers' Federation Poster Contest. There were nine whose posters were entered. Three of our members, Lita Barback, Marie Schoof, and Eddie Ryan, received invitations to attend the Yearbook Luncheon at Orchard Park, where winners of the local yearbook competition were announced by the Buffalo Evening News.

The past year has been a very enjoyable and profitable one for the Studio Club, whose members feel that the experience gained was well worth the time spent.

TWENTY CONSECUTIVE VICTORIES for Kensington is the enviable record of the Chess Club's interscholastic team in the last three years. Led by Captain Bruce Burr, ranked the best high school player in Western New York, the varsity this year consisted of George Maurer, Richard Freeman, Clarence Ball, Ronald Ernewein, Duane Bartlett, Richard Beitz, and Isabel Edwards. True to the spirit of Kensington, Coach Millard's proteges challenged and vanquished all opposition.

Each Wednesday afternoon, the thirty regular members of the Chess Club crowded into 207 for their weekly battle of wits, each of them intent upon becoming an expert in this intriguing game of concentration and imagination. Members of all classes and both sexes vied with each other for control of those precious kings and queens.

For the first few weeks, Mr. Millard gave instruction to those who had never before played, and as soon as they were able to hold their own against the more experienced players, the annual tournament was begun.

In a very close finish, George Maurer pulled the year's upset by beating Bruce Burr and received the champion's trophy. Geraldine Hetzinger was the winner of the girls' tournament, with Norma Barrett coming in second.

Officers of the Club were: President, Bruce Burr; Vice-President, Ronald Ernewein; Secretary, Isabel Edwards; and Treasurer, Richard Freeman.

Among ken's most hard-working students are the members of our band and orchestra. For them, rehearsal hours may be at any time—from eight in the morning to eight at night.

Band members are off to an energetic start in the fall with football rallies, marching drills and the Saturday games. December means Christmas Pageant music for the orchestra. After that our musicians prepare programs for St. Patrick's Day, Easter, Junior and Senior Day, Commencement—and the spring Operetta.

Under the direction of Mr. Pinkow, the 60 members of the band and 80 members of the orchestra have achieved an excellent reputation for their fine performances. These students deserve the highest commendation for their faithful service to our school.

Stage Technical Staff

Inspired by the commendation of a theatre connoisseur who declared that the lighting effects for the 1949 Christmas Pageant were the best he had seen off the professional stage, the Stage Technical Staff set for itself the goal of developing to the full the potentialities of the added equipment provided through the understanding and initiative of Mr. Monan. Stage lighting has been augmented by two 1000-watt spotlights used on window ledges overlooking the stage, four Fresnelite overhead spotlights, with color filters, and two batteries of "black lights" for fluorescent effects. The public address system now includes a Stromberg-Carlson dual 25-watt amplifier and a high fidelity record player capable of handling any record or transcription. This has greatly expanded the usefulness for both auditorium and gymnasium functions.

Since a high degree of team work is so vital to a stage production, the Stage Staff prefers to be known as a unit rather than having starring roles assigned to an officer corps.

Candidates from the Freshman Class include John Gibney, Kenneth Krayer and Henry Walbesser.

Danny Dither

It was new! It was catchy! It was terrific. It was "the Hither and Thither of Danny Dither", a modern two act play with music, presented at Kensington High School on the evenings of May 16, 17, 18, and 19.

This year's Spring show was a fantasy woven about the escapades of Danny Dither, the most mischievous angel in Heaven. When the offices of Faith, Hope, and Charity, played by Jewell Ott, Lorraine Jakubowska, and Photine Rores, respectively, were to be abolished by Lucifer L. Lucas, poor little Danny was sent down to Earth to prove that the three muses were necessary and practical. While on earth Danny managed to keep company with a group of city slum brats, get on a radio program, and go swimming in the East River. It was while swimming in the river that Danny and Daisy, his best pal, got caught by a current and were drowned. When they entered Heaven, Danny was able to prove that people did have faith and charity and were ever hopeful—and so the three angels were saved.

ATHLETICS

From the earliest days, man has always been interested in sports and has honored the great athletes of his day. The Roman gladiators, the Grecian discus-throwers, the Olympic racers, all were forerunners of today's athletes. Man has added to his stature through his interest in sports. He has learned the discipline of rigorous training, the value of coordination in teamwork, the feeling of unity with his team-mates, and the importance of fair play.

Through our own participation in sports, we learn that we must obey instantly the commands of our captain if the game is to be won. We acquire the ability to think and act swiftly, to judge our opponent's skill and match our own against it. A well-organized program of athletics in our school gives us the right to grow in mental and physical alertness and to formulate high standards of good sportsmanship.

ATHLETICS: We have the right to be informed about athletics as a means of developing physical and mental strength. From his history, we find that man has always engaged in competitive sports. The reward of victory in classic days was a wreath of olive leaves, which the winners treasured as we today value our trophies. Those who won the laurels were esteemed as are the athletes who have become prominent in modern sports—baseball, basketball, golf, swimming.

The opening of school in September found Kensington's defending Cross Country champions running the hilly course around Delaware Park Lake. Our team's chances looked very good as we had seven returning lettermen: Captain Bob Scamurra, Tom McCarthy, Larry Brennan, John Bruno, Walter Allen, Lee Haurik and Don Batz. As practice progressed, our coach Ralph Duquin soon discovered that Jerry Label, Bob Fusani and Jim Hartzell would capably fill the three remaining openings.

Prospects rose when Ken defeated Bennett and Technical in the first triangular meet of the season with a low score of 27. Tom McCarthy, our dynamic Sophomore, led the team home taking second place, followed by Bob Scamurra, Walter Allen, Lee Haurik and Jerry Label. As the weeks rolled by, we triumphed over Riverside and Lafayette in another triangular meet with a score identical to that of the first meet. Tom McCarthy again led the boys across the finish line with another second place, pursued by Walter Allen, Lee Haurik, Bob Scamurra and Jerry Label. At the last warm up meet, before the All-High Classic approached, our boys

looked in excellent condition and as proof, they won a pent-angular meet against Bennett, East, South Park and Tech, with a score of 35 for Ken and 52 for our closest opponent, Bennett.

The week preceding the all-academic run found the boys training as they never trained before. Their reward was the Columbia Cross Country Cup for the second year in succession and this kept Mr. Duquin's average intact. It was his second cup in two outings as Cross Country Coach. We finished ahead of the nine other schools with a score of 62 followed by Bennett and East our nearest competitors, with scores of 77 and 91 respectively. Tom McCarthy finished second to win an All High Medal. Tommy was followed by Walter Allen, 8th, Capt. Bob Scamurra, 11th and Lee Haurik, 13th who ran so hard he collapsed and was taken to the hospital for a rest. Next was Larry Brennan in 28th place. Victory was assured when Jim Hartzell, Jerry Label, John Bruno, Don Batz and Bob Fusani finished ahead of some of the point scores from other schools.

KENSINGTON HAS GAINED undisputed possession of the Harvard Cup by winning 21 consecutive games. The Kensington team went through another undefeated year under the leadership of coaches Bill Bergstrom and Bus Harrington. The able captains, Jack Thompson and Carl Wyles, did an excellent job preparing the team for their tough season.

The Knights started their season against Technical. On the kickoff, Gene Willard recovered a Tech fumble and on our first play Ed Cromp romped 22 yards for our first touchdown. Minutes later, Chris Frauenhofer smashed over for the Green. Early in the second half, Carl Wyles and John Corbelli added touchdowns for Ken. John

Others were Brad Kemp, Fred Dentinger, Glenn Nixon, and John Corbelli. Carl Wyles soon proved himself a terrific driver and climbed into the first eight.

first twenty-nine minutes, but costly mistakes under both backboards paid off in a close win for the Emerson five, the score being 45-48. Co-Captains Jack Thompson and Chuck Weston were the leading scorers for us with sixteen points each. We then won two in a row at the expense of Lafayette and Tech before losing to a smooth-working South Park team, 44-51. The chief reason for this defeat was poor handling of the ball. East and Hutch fell before us, but our third defeat came at the hands of the defending champions, Seneca.

Scamurra paced the team with twenty-one markers. We closed the season with five straight victories including a close one over Grover and a thriller over our arch rival, Bennett. Scamurra scored fourteen in the Grover game and Thompson had nineteen in the Bennett game. The three other schools in the victory string were Burgard, Masten, and Riverside.

The Bennett game was highlighted by the calling of thirty-two personal fouls and the fact that we

The prospects for our 1949-1950 swimming team were not very bright, because we had lost through graduation, Thomas Schaeffer, Richard Keeney, John Fritsch, Richard Lallmang and William Beagle.

However, from the remaining lettermen, Captains Thomas Griffin and Daniel Joyce and team members Noel Eberz, Roger Laufer, Richard Schmitt and from the Freshman squad Robert Gates, Fred Guerra and Allan Larter a team that was young in experience was banded together by Mr. Warren. He worked the boys hard and when we met Hutchinson High School in our pool, things looked a little more encouraging.

We then journeyed to Riverside High School and the boys appeared somewhat nervous in our first meet away from home. Mr. Warren was still shifting the line up to give more boys experience as

ON THURSDAY, May 25th, our Track Team captured the Scalp and Blade Trophy emblematic of supremacy on the cinder paths for the ninth successive year. Under the direction of Coach Ralph Duquin, a well balanced team was responsible for the 39 points which were sufficient to defeat our nearest rivals, East and Bennett, who had 28½ and 22 respectively.

Outstanding among the Ken winners were John Corbelli, who set a new hurdles mark of 23-4 and placed in the broad jump; Tom Griffin who vaulted 11 feet and also placed in the high jump; Larry Brennan who showed the way in the quarter mile with a 53:2 and our relay team of Bob Saltarelli, Allie Evans, Bob Colucci and Bob Fitzgerald which recorded a 1:35.6.

KEN VICTORIOUS IN ELEVEN CONSECUTIVE MATCHES

Flash! This was the best record ever made by a Kensington tennis team and one of the best in the history of Buffalo High School tennis. Kensington has been undefeated during the last 3 years, having won an unbroken string of 29 consecutive matches.

• • •

The kensington netmen have an awe-inspiring task facing them; that of recapturing the beautiful Dr. Robert T. Bapst Trophy for the second straight year, and to continue an eighteen consecutive match winning streak of two years duration. Of five All-High players from last year's team, four had graduated.

However, during the fall intramural tennis tournament, many of the individual matches produced a brand of tennis that would make our future opponents shudder and which made Coach Millard smile again. In several matches, new, inexperienced players forced the favorites to display their best games in order to win. Frank Vogel emerged victorious and a new school champion was crowned.

OUR BASEBALL TEAM AIMED AT CORNELL CUP

First Row: P. Morgan, E. Faber, J. Brueckman, A. Larter, D. Szen.
Second Row: Mr. Bergstrom, Coach; D. Dahlke, Mgr.; R. Knapik, S. Bickel, J. Jones, W. Richmond, D. Johnson, L. Hargrave, Asst. Mgr.
Third Row: C. Wyles, P. LaCesa, G. Nixon, R. Wolf, J. Hartrich.

The green knights under the direction of Coach Bergstrom, this year hope to defend successfully their hold on the Cornell Cup.

All-High Catcher Carl Wyles, who last year hit 400, leads the returning lettermen: Ed Faber and Bill Richmond, infielders; Glenn Nixon and Paul Morgan, outfielders; and Jim Jones and Spencer Bickle, pitchers. Fairly sure of obtaining an infield position is Dick Knapik, a transfer from Technical.

Among the more promising of the newcomers are Dick Wolf, Joe Brueckman, and Bob Thrun, who are all trying for that vital shortstop position. First base candidate Don Rydza's hitting is impressive, as is that of outfielder Pete LaCesa, Alan Larter and Art Doll.

Freshman pitchers of note are Jim Shea and Don Harringer. Don Szen, Joe Hartrich, Bill Lash, Dave Johnson, Dick Beck and Ernie Keltner give the team the needed depth.

According to the "Courier", the "News" and the "Compass" sport staff, the Knights are favorites to get the second leg on that Cornell Cup.

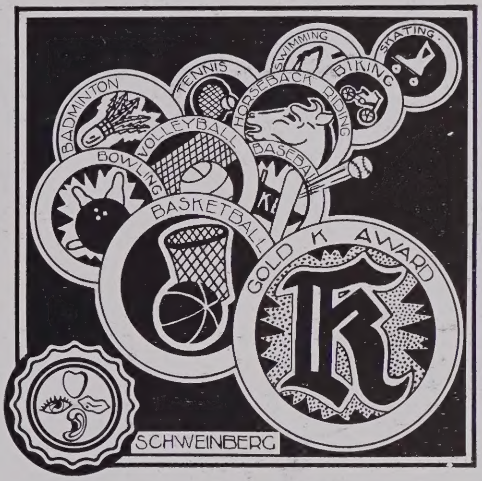
In acknowledgement of the greatest number of points scored by an academic high school in a single year, Kensington was awarded, last June, the Williams Cup for sports supremacy during 1948-49. In accumulating 67½ points out of a possible 68, Kensington accomplished the unprecedented feat of winning six cups in one competitive year. Cross country, football, swimming, track, tennis, and baseball championships were ours. The basketball championship was annexed by a vocational school, so in our resulting tie for second place, we were still tops among the academic schools. Under the leadership of Mr. Monan and our excellent coaches: Mr. Bergstrom, Mr. Duquin, Mr. Millard, Mr. Nilson, and Mr. Warren, Kensington heralded a banner sports year.

As part of the celebration of our prowess, Mr. Monan arranged an excellent program for the actual presentation of the cup. Besides the outstanding men on the presentation committee, we welcomed several of Buffalo's radio sports commentators: Ralph Hubbell, WBEN; Gene Korzelius, WBNY; Bill Mazer, WKBW; and Sig Smith, WGR; who entertained us with vivid stories from the world of sports. An occasion such as this deserved only the best and, as usual, we received nothing less.

On that day we were more than ever immensely proud of all our sports teams and of our student body who had so ably supported them throughout the year.

WE FOLLOWED A FOUR YEAR PROGRAM

OF ATHLETICS TO EARN OUR GOLD K'S



THE GOAL OF EVERY GIRL who takes part in after school sports is the presentation of a Gold "K" on Girls' Letter Day. An accumulation of 500 points, over a period of four years, is required for this superior athletic award. The girls acquire these points by participating in basketball, volleyball, baseball, badminton, horseback riding, hiking, and skating.

We shall never forget the races to the bowling alleys or the dash to the gym after school. In a volleyball game, we often wondered who took the worse beating, the volleyball, or the players. Our basketball games sometimes ended up resembling a football game. It took a little time to get used to the idea that in baseball, the batter swings the bat to hit the ball, and does not wait for the pitcher to hit the bat.

We shall always remember our enjoyable days at Kensington made possible through the capable leadership of our physical education instructors: Miss Messore, Mrs. Samul, Miss Felser, Miss Gallagher, Mrs. Stecker, Mrs. Aydelotte, Miss Redinbaugh, Mrs. Fink, and Miss McIlhenney.

Volleyball had another successful year. Under the capable and understanding supervision of Mrs. Samul and Miss Gallagher, more than 300 girls not only played the game, but also learned its finer points by observing and refereeing.

The play-offs were conducted in a new and effective manner this year. A round-robin set was played by the teams until only three teams, representing each of the three years, were left. The "mighty victors" were: Senior 4, Junior 3, and Sophomore 2. These teams then played an elimination tournament, which required 2 wins out of 3 games against each opponent. Much to the surprise of the Juniors and the disappointment of the Seniors, the Juniors were triumphant in defeating the Sophomores and Seniors.

One hundred thirty-five freshman girls were organized into nine teams and a round-robin tournament was held. The Pom-Poms, captained by Carole Smith were the victors with a perfect score of 8 wins. Patricia Michel served as Co-Captain of the victorious Pom-Poms.

Some of the outstanding athletes were Nancy Burger, Lois Greapentrog, Theresa Garrido, Audrey Golnick, Joan Schau, Ruth Furlong, Sally Van Riper, and Delphine Szafranski.

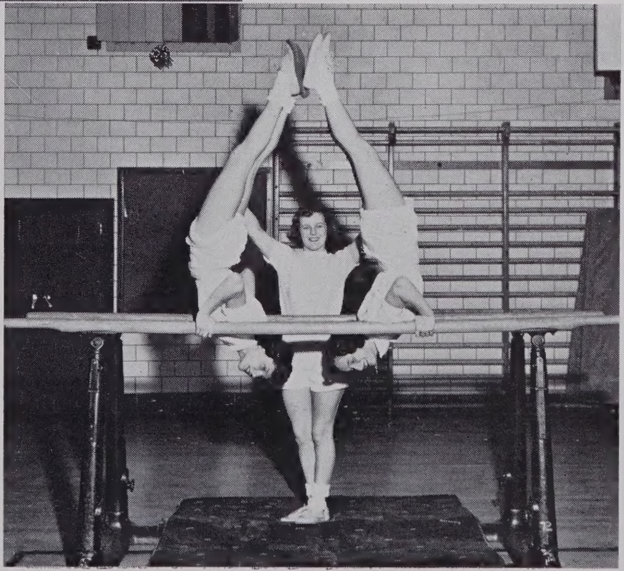
BEAUTY, COORDINATION AND SYMMETRY

Our apparatus program for girls at Kensington is limited to work during the class periods. It includes exercises on the rings, horses, stall bars, ropes and parallel bars. Although all apparatus requires particular muscle coordination and balance, performing on the parallel bars with comparative skill appears to be the aim of the more proficient upperclassman.



Joan Schau, Marcia Butler, and Grace Furbo demonstrate an apparatus exercise.

INTER-CLASS TOURNAMENTS WERE EXCITING

BASKETBALL

THIS YEAR, AN INNOVATION occurred in connection with the basketball season. Instead of being held in mid-winter as in former years, it began early in October. This change was made to accommodate three hundred and sixty enthusiastic basketball hopefuls of varied skills who responded to the call of this popular sport. Under the competent handling of Miss Messore, Miss Gallagher, and Mrs. Stecker, the girls organized teams—Duchesses, Ken Knights, Big Ten, Morans, Basketeers, Ken Angels—and began their practice sessions.

On Thursdays, the Freshmen competed. The Sophomores, Juniors, and Seniors, old hands at the game played on Tuesdays and Wednesdays. After completing a round robin tournament, the winners of each grade level, Freshmen, Sophomores, Juniors, and Seniors made up the final grade to judge the champs of the school.

The Sophomores defeated the Freshmen in the first play-offs on November 30th, and the usually exuberant Juniors were victorious over the hard-

BICYCLING

The bicycle club, newly formed this year under the capable leadership of Miss Marie Felser and Miss Anne Messore, proved to be very popular with Ken's girl athletes.

The girls not only were given an opportunity to earn points toward their Gold K's but they had enjoyable times combining bicycling with trips to Ellicott Creek Park for picnic suppers and jaunts to Delaware Park to cheer the Cross Country team on to victory.

Another unique feature of the club is that it has the distinction of being the only club at Kensington that has a club song.

Officers elected were: Joan Dey, President; Norma Barrett, Vice-President; Mary Mangold, Secretary; and Frances Szymanski, Treasurer.

AMONG OUR FAVORITE AFTER-SCHOOL SPORTS

BOWLING

On tuesday and wednesday afternoons, the Schiller and Kensington bowling alleys were invaded by Ken's female keglers. Besides bowling for pleasure, each team strove for the championship of their alley. The Pin Boys Favorites finished first at the Schiller Alleys and the Rolling Six were the champs of the Kensington Alleys.

Although no one fractured the timbers for a 300 game, the circuit provided many fine scores. At the Schiller Alleys, Christine Nemmer set the pace with the individual score of 160. The following girls also warrant recognition for their high scores: Lorraine Paruszynski—155, Nancy Hoefler—150, and Mary Meissner—150. At the Kensington Alleys, Judy Werner bowled the highest single game with the score of 153. Other high single games were scored by Pat Michel—153, Judy Foley—145 and Cathy Feider—144.

Under the supervision of Miss Messore and Miss Gallagher many hints were given to improve the bowling of the girls.

EQUESTRIKENS

A large and enthusiastic group turned out this year to participate in the activities of the newly reorganized Riding Club.

The girls learned much about riding form from their advisors, Miss Felser and Miss Messore. Mr. Finnegan and Mr. Gleason also earned the gratitude of club members by providing transportation to the riding ranch after school.

Mary O'Connor was elected president of the club. Peggy McMahon served as secretary and Judy Cerajewski was chosen treasurer.

THRILLS AND SPILLS OF THE ROLLER RINK

THIS YEAR, a new sport, rollerskating, was introduced to the girls. Every Thursday afternoon, from three to five o'clock the Ken High girls spent an enjoyable two hours at the roller rink. Eight sessions were held at the Arena Rink with over two hundred girls attending each session. A club of skating fans was organized under the sponsorship of Miss Marie Felser and Miss Anne Messore.

Carol Oberlander, Marjorie Propster, and Theresa Del Col seemed especially fond of the conga line. The skates of both Eleanor Marthia and Nancy Molter were polished to perfection. Marilyn Brauch and Lorraine King were exceptionally graceful and agile skaters.

The beginners seemed to learn fast with all the experts around to assist them. An entertaining time was experienced by all the girls during these weekly meetings of the Skating Club. The fun included singing on the buses and learning new and intricate skating steps. Not only did the members enjoy themselves, but they earned additional points towards their Gold K's.

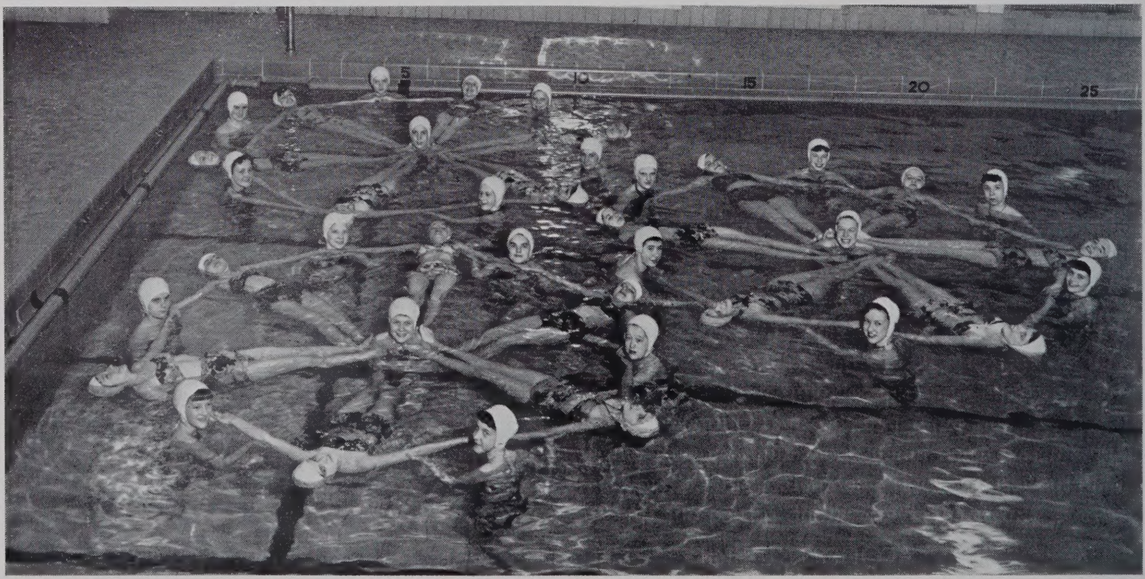
Our aquatic ballerinas form a floating star.



THIS YEAR, for the first time, the Water Carnival was presented at evening performances in addition to the regular afternoon shows. Our flower-decked pool was filled to capacity at each of the four performances.

The theme of this year's show was "Blossom Time". Miss Marie Felser ably directed Kensington's mermaids in various rhythmic formations. Some of the main acts of the carnival were the candle-light number, the porpoising, and, of course, the playful antics of the clowns which added humor to the program.

Miss Messore instructed the dancers who used the same graceful movements in unison with the swimmers. The Stage Technical Staff, under the direction of Mr. Haynes, provided colorful lighting effects.

Miss Felser was assisted by Marcia Butler and the narrator, June Stephan, who read the script composed by Nina Larkin.

Top: These girls demonstrated their superior swimming ability in the floating formations, circus acts, and diving exhibitions.

Right: Flowers, beautiful mermaids, and dancers, too—this year's Water Carnival was really a production.

ADVERTISING

From primitive picture writing on the walls of caves to the complex mechanism of television, man has sought ways of expressing himself, of telling others about his abilities. The Town Crier, calling the hours and telling the news, has become the radio commentator of today. From Gutenberg's first efforts at printing have evolved the giant presses now in use. Through the centuries, man has used his skill in writing, speaking, painting, or acting to induce others to share his ideas, adopt his methods, and support his plans.

Modern advertising embraces both the sale of merchandise and the dissemination of ideas to the public. It affords equal opportunity to the small neighborhood store and the great industry. Whether he looks in the classified section of his telephone books, reads his newspaper, or listens to his radio, man today can be thoroughly informed concerning the nation's industries, services, and supplies.

Dramatics Became Our Newest Enthusiasm

(*Continued from page 110*)

dramatists as Thespis and Aristophanes became familiar. Types of plays, such as the early miracle plays and the later comedies, were learned. Recent play-wrights and their works and famous actors and actresses were also a part of the first term course. Experiments with the correct application of make-up and with lighting facilities were performed.

Upon learning such fundamentals of dramatics, those continuing with the course were able to apply what they learned. Pantomimes were popular, and all participants gave very good mute performances. Improvisations, both humorous and emotional, were acted out. Another item of interest was the acting out of cuts from well known plays and recording them. These included "Ethan Frome" and "The Romantic Young Lady". Practice in proper voice control, which includes breathing, pronunciation, and articulation, was a daily routine. Experiments with one act plays were also made.

Such a course not only gives dramatic training to these interested in that specific field but also helps many acquire poise and the ability to feel at ease in a group. With such a fine dramatic background, many of these scholars will go on to greater heights for a career on the stage.

also kicked three extra points.

A 41-0 score marked Ken's victory against McKinley. Jack Thompson scored twice; Chris Frauenhofer, Ed Cromp, Carl Wyles, and Ed Faber added T.D.'s. Ken met Burgard and threw back the Bulldogs 18-0. The Knights were held at a standstill for three quarters and then, at the beginning of the fourth quarter, Gene Willard smashed the game wide open by driving over for the first touchdown.

East was the toughest game of the season. It was the first time that the Knights were on the losing end of the score at halftime—7-6. Early in the

fighting Seniors in a very close game, 20-12. On December 7th, the Sophomores defeated the Juniors and won the coveted title—Basketball Champions of 1950.

Players worthy of recognition were:

Seniors—Arlene Szafranski, Mina Pierce, Arlene Witucki.

Juniors—Pat O'Rourke, Jeri Keating, Dolores Furbo.

Sophomores—Janice Neffke, Marilyn Brauch, Carol Oberlander, Joanne Triftshauser.

Freshmen—Joan Poe, Carol Hahn, and Shirley Staley.

Ably coached by the physical education teachers, the girls acquired more knowledge of the game, better sportsmanship, and earned points toward their "Gold K".

Senior Class History

(*Continued from page 31*)

Rosemary Valentine, Nancy Thurnherr and Joan Wojciak.

Spring, along with the Ken Key Notes, greeted us in mid-April. We all welcomed the return of our school's newspaper and were proud of such outstanding journalists as Joan Wojciak, Lorraine (Editor) Zmarzly, Jeanette Weigand, and Christine Cioch. All of us should appreciate the work of the secretarial staff and such girls as Rosemary Valentine, Renate Richter, Arlene Szafranski and Marilyn Ball, for it is this staff that helps our yearbook to win the awards of which we all are so proud.

Some of us have troubles just being accepted by a college, but does Al Rossow? Goodness no! He wins scholarships for Harvard, Columbia and Bethany the way we drink chocolate malts.

Our minds then turned to graduation and feeling inspired we selected the following officers: President, Jim Hartzell; Vice-President, Jennie Bianchi; Secretary, Rosa Lea Barone; Treasurer, Jim Browne; Marshals, Lorraine Jakubowska and Larry Brennan.

As all good things must come to an end, so must this, the record of the Class of '50 and our wonderful four years at Kensington, our Alma Mater.

Swimming Team

(*Continued from page 134*)

we were looking ahead to our final meet against Bennett, when the schools were closed for four weeks, due to the coal strike. The closing of the schools really worked a hardship on our untried young, inexperienced group of boys as few of our boys belong to the Y.M.C.A. or the Buffalo Athletic Club.

When school finally opened on the 13th of March, the authorities ruled out the dual meets and they decided to award the cup to the winner of the All-High Swimming Meet. Our boys tried hard to make up the ground they had lost through lack of training with the result our young inexperienced boys lost to a veteran Bennett Team by the close score of 38 to 31. In this meet, Captain Thomas Griffin, Noel Eberz, Cornelius Mahoney, Richard Schmitt and Robert Yates were crowned All-High Champions for 1950. Others who swam well during the season were, Daniel Joyce, Allan Larter, Gerald Rooney, Donald Bitterman, Gordon Errick, Fred Guerra, Richard Huck, Roger Laufer, John McMahon, Arnold Poppenberg, Robert Renig, Richard Ihrig, and Richard Haberl.

Basketball Team

(*Continued from page 133*)

were losing at the end of three periods of play. After a brilliant pep talk by Mr. Monan and Coach Nilson, our boys came back to outscore our opponents, 13-5, in the fourth quarter and win the most important game of the season, 39-36.

The team, led by Bob Scamurra, who was placed on the first All-High team with an average of 15.9 points per game, and Jack Thompson, who made the second team, matched last year's record of ten wins and three defeats.

Ken Knights Retire Harvard Cup

(*Continued from page 167*)

third quarter, John Corbelli broke loose and went 98 yards to put Ken in the lead. Two plays later, Carl Wyles recovered an East fumble behind the goal line to give us another touchdown. Corbelli and Wyles stormed over to gain two more T.D.'s and win the game 27-14.

The Night Game between Bennett and Ken drew the largest crowd of the season. Gene Willard scored the first touchdown on the seventh play of the game. Chris Frauenhofer soon added another tally for Ken. Carl Wyles wound up the game in the last quarter by scoring a touchdown to give the Knights a 19-6 victory over the Tigers.

Ken had a rather easy time in the last regular game of the season. Every man on the squad played, with Cromp scoring twice and Frauenhofer and Faber once each. Jack Thompson set a record by blocking three punts in one game. Warsocki and Rossow set up scores by recovering Indian fumbles.

The Riverside game on Thanksgiving was the big game for the championship. Both teams were held scoreless for the first three quarters and then once again, a Ken back opened up the scoring. Ed Cromp dashed 32 yards for a score. Minutes later, Chris Frauenhofer added a tally for the Green. The game was played ankle deep in snow and ice which froze both players and the crowd.

Ken had an unusually strong team this year. They had a fine staff of dependable backs: Carl Wyles, Chris Frauenhofer, Ed Cromp, Chuck Weston, Gene Willard, Tom Willard, John Corbelli, and Ed Faber. The linemen, our "seven mules", were the most powerful factor in our victories. This year, one back, Chris Frauenhofer and three linemen, Jack Thompson, Glenn Nixon, and Dave Warsocki made All-High.

Danny Dither

(Continued from page 124)

The cast of "Danny Dither" was selected after many tryouts and consultations. Some of the characters were: Donald Ehat who portrayed Danny, Kenneth Buchwald who played J. J. Judkins and Ed Haller who played Lucifer L. Lucas, the efficiency expert. Tony Salvatore was the organ grinder, Patty Brown was Daisy, Richard Burke played Droopy and Roddy Kellogg and Lee Haurik shared the part of "The Duke". An additional 67 boys and girls acted as stenographers, newsboys, dancers, sailors, and brats, and helped to make the premier of "Danny Dither" a very successful one.

Musical presentation was under the direction of Miss Marjorie Townsend and Mr. William Pinkow. Miss Louise Strickland was dramatics coach and stage director. Miss Anne Messore directed the dancers and Miss Lenore Dunlavey was in charge of costuming. Mr. Raymond Fisher was stage manager. Mr. John J. McMahon supervised scenic construction, and Mrs. June Johns was in charge of makeup. Settings for the play were designed by Miss Ethel M. C. Davis and painted, under her direction, by the art students. Lighting effects were arranged by Mr. Leon Haynes. Mrs. Hyman was in charge of properties and publicity was handled by Mr. Gleasom.

Ken Netmen Won High School Tennis Cup

(*Continued from page 136*)

Following closely behind Vogel were those two stalwarts of the tennis court, Ronnie Blaszkiewicz and Dick Wiegert who took second and third places respectively. These three "balls of fire" were awarded attractive prizes by Mr. Monan in a school assembly.

Once more, it appears as though Ken's doubles combinations will be very strong. During the past three years, the doubles teams have won fifty out of fifty-four matches to set a Buffalo High School record. Lettermen from last year's championship team, Bruce Burr and Bob Mruk are determined to continue the fine record of their former doubles mates. To help them achieve this goal are newcomers Dick Freeman, Carl Dux, Bob McClure, Ed Bednarek, and Douglas Bolton who have already displayed outstanding ability as doubles players. Another new player, Bob Scamurra, has won a starting singles assignment and Coach Millard believes he will help to spark our tennis team to another championship.

The 1950 edition of the team will line up as follows: Captain Frank Vogel, first singles; Bob Scamurra, second singles; Dick Wiegert, third singles. Bruce Burr and Dick Freeman, Carl Dux and Bob Mruk, Bob McClure and Ed Bednarek, and Ronnie Blaszkiewicz and Douglas Bolton, player manager, will team up in doubles combinations.

BINDING

"COORDINATION" . . . a word that can mean a lot to you, even more than it does to us. It embodies a principle upon which our success depends. It means the proper economy of money, materials, and time, but always bearing in mind the kind of a yearbook you wish to have produced and of which you will be proud. BJH learned to appreciate that principle a long time ago. It is for this reason that we have consistently advocated the coordination of all factors of yearbook production. We are indeed glad to have been selected to produce this year's book.
